

- Use your color printer to print the calendar pages
- The print area for a month is 4.75" x 4.75", which is the size of a standard CD jewel case
- For best results, use high-quality photo paper compatible with your printer

Cut out the calendar pages

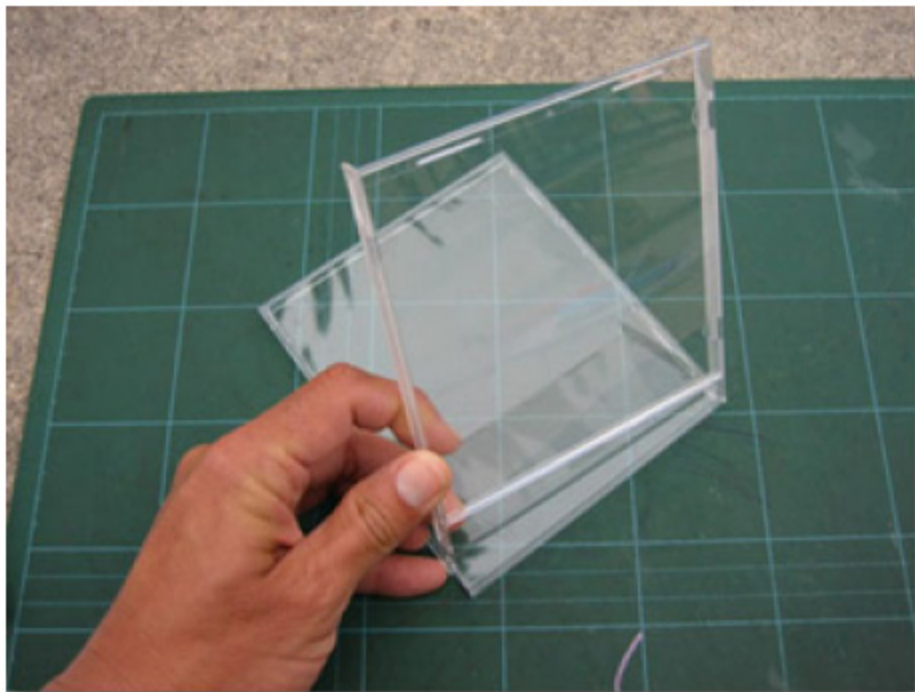

- Use a paper cutter, razor and cutting mat, or scissors to trim the calendar pages

- Use a case with a clear, clean cover
- Be careful not to break the plastic tabs from the cover

## Reattach the CD jewel case cover

- Turn the cover around and put it back onto the bottom part of the CD jewel case backwards
- Be careful not to break the plastic tabs from the cover
- Flip the cover over to create the calendar stand

- You can store future and past months behind the current month
- Enjoy the calendar!
- Print more copies for family and friends, or create a new one!
